PERSONAL. A letter from Marshall in the Warrenton Index 28 yr: "Mrs. Sailie A. Contan referred her 94 h birthday on Toe d.y. the 7 h inst. Those who have known her for many years state unbesitathat she has always been known as one of the most generous and hospitable errors in their knowledge. She naver seems to be satisfied unless she has her relative or friends around her erjoying them-selver. Her mental faculties are perfect, her sight very good, and she walks much then many I have seen at 70 years of Our officens, as well as all others who, have a lasting affection for ber, and hope it will be the Lord's will to stare her to us for many years to come." Dog DAYS —The dog days last from the beginning of July to August 11th. The popular theory is that they are so called because dogs then go mad; but the notion is etymologically false pesides being untrue in fact.— Dogs, strange to say, are rather less liable to rable—then than at any other time. Dog flave is really a translation of the Latin "dres caniculares" the twenty days before and the wenty days after the beltacal rising (that is, aprentace in the morning sun) of the star Sirius, whom the Romans called "Canicula" or "little dog." The ancients attribute the most malevolent in fluence to this star-our "dog star"-and sacrificed a brown dog to it to accesse ite rage. If this were not done they thought that the sea would boil, the wine turn sour and the dogs begin to grow mad, the bile increase and all animals grow languid. It is unnecessary to say that in the course of some age Strius will rise in midwin-ter instead of midsummer. Perhaps some wisescres, like those who are ready to believe in degs and moose changing the weather Directions on the and shallar impossibilities, will then give cer and druggist.

BUILDING NOTES .- During the five months ending June 30 last the City Auditor issued 40 building permits. The law approved January 28, 1891, requires the application for and the issuance of permits to "erect new houses, or reconstruct or repair old ones alterations or repairs exceed the gnm of \$100. The first permit under the law was issued February 17th for a frame house to cost \$400. Twenty-three frame buildings, the estimated cost of which is given at \$17,000; 13 brick houses, \$29,400, and 15 houses repaired at a cost of \$6,550, is the record of five months. The largest amount named for a brick house was \$3,700 and the lowest \$1,200. For frames the largest sum was \$1,300 and the lowest \$250. Of course, the full amount is not given in the estimate. A person building two or more houses adjaining each other takes out but one parmit. This will explain why 50 houses have been built and reconstructed and only 40 permits issued.

MENTAL ABSERATION .- It is rumored bere that Prof. Souss, leader of the Marine Band, in Washington, has been placed in an asylum in Europe for mental treatment. During the recent trip of the band through the West it was thought by the professor's friend- but he acted strangely, and on his return to Washington he falled to take part in the concerts for the benefit of the band for the reason, at stated at the time, that he was iii. Later he went to Europe for his health on the steamer City of Richmond, which caught fire and was towed into Queenstown. The excitement consequent to the fire aggravated his malady, and his friends, it is said, committed him to an asylum for trestment.

Good Chops - Mr. Hungerford, who lives on the opposite a de of the river, was in the city to-day. He says his peaches—and he has a large-cord-atd—are rapidly ripening and that he is shipping 150 boxes a day. He also eass his watermelon patch is flouri-ning with a promise of a large yield. Mr. John Swift, a neighbor of Mr. Hungerford, says all kinds of vegetables and fruits in his section of Prince George's county are

BURIAL PERMITS -City Auditor Price for the six months ending June 30, issued 230 burial permits. Of this aumber 58 were for persons who died outside of Alexandria, their remains being brought here for interment, making a total of 172 in the city. Of the number given 63 were under one year and 64 were over 60 years of age.

LOST CHILD FOUND. - A number of A!exandrians boarded the steamer Charles Macalister when she stopped here yester-day evening on an excursion trip down the river, among them Mr. O. F. Baggett and family. Upon the steamer's return Mr. Baggett undertook to gather his family for the purpose of disembarking, but was considerably alarmed to find that his youngest son was missing: Falling to ascertain his whereabouts, the anxious parent, with many an alarming thought coursing through his mind, remained on the boat after putting the other members of his family ashors and It s. m. and at 8 p. m. by Rev. THE MARKET to-day was well supplied THE MARKET to-day were well supplied with everything in season, in fact, nearly with everything in season, in fact, nearly every summer vegetable and fruit being offered for sale. Corn and tomatoes raised in this vicinity are becoming plentiful and prices generally are becoming more reasonable. There was an abundant supply of blackberries and whortleberries, while ear-land the same and the sa ly apples were almost a drug in the market. Peaches are also becoming plentiful and watermelons, grown farther south, however, were at several of the stalls.

> Wheat — The receipts of wheat are in-creasing daily and the quality of the offer-ings is good. The crop in all this section is the largest for several years and as a majority of the farmers have been rather impecunions for some time past by reason of constant failures of crops, they are rushing their wheat to market and are realizing fair

New York, July 11 .- The stock market still displayed a firm tone this morning, and first prices were from 1/8 to 3/8 per cent. higher than last eveniog's final figures, but while the firmness continued the further changes during the hour were entirely insignificant. Later a steady though slow improvement took place among the leading shares. The trading failed to develop a single feature of interest during the hour, and at 11 o'clock the market was intensely dull but firm to strong at the best prices.
